Using the Timesheet

General Timesheet rules:
- The work week is Sunday through Saturday.
- The work day is midnight to midnight.
- For shifts that cross over midnight, the time will be recorded on the day the shift started.
- Salaried employees’ timesheets run from the first of the month through the end of the month; hourly employees’ timesheets run from the 16th of the month to the 15th of the next month.
- All employees are paid on the last day of the month.

Selecting an Assignment

If you have only one job, or “assignment”, you will be directed to the timesheet without any extra steps. If you have more than one assignment, you must first select the assignment you are entering time for before being directed to the timesheet:

Choose an Assignment

- Research Program Administrator-211900-C10665-00
- Faculty Research Assistant-261000-C18935-00
Changing the Pay Period

The timesheet will default to the current open pay period; once you have submitted your timesheet, it will default to the next pay period. However, you can change the period to view past or future timesheets.

- You can view timesheets up to one year in the past from the current date, unless you have changed assignments (jobs).
  - For previous assignment timesheets, see Viewing Past Assignments for more details.
- You can view timesheets up to one year in the future from the current date.
- You can make changes to future timesheets up to 12 weeks from the current date to allow for protected leave tracking.

To change the pay period view, click on the arrows to the right (for future dates) or left (for past dates) of the pay period:

Note: The Default Period button will return you to the current open pay period.

![Delete a Row Image]

Note: you can only delete rows with data.
Copy/Cut an Entry

1. Click on the down arrow next to the plus sign for the date you would like to copy or cut. Select a Copy or Cut option:

   ![Copy/Cut options]

   **Copy/Cut options:**
   - Copy Row/Cut Row: copies or cuts the selected row.
   - Copy Entire Day/Cut Entire Day: copies or cuts all rows for the selected day.
   - Copy Entire Week/Cut Entire Week: copies or cuts all rows for the week selected.

   Note: Duplicate Row will only add the same row to the selected date.

2. To paste the selection, click on the down arrow next to the plus sign for the date you would like to add the copied time to then select Paste 1 Entry:

   ![Paste 1 Entry]

   Note: the number of entries to paste will change depending on the number of rows copied or cut.
Change Work Date

1. If you entered time on the wrong day, you can easily change the work date. Click on the down arrow next to the plus sign then select Change Work Date:

Note: you can only change to a date within the timesheet pay period.

2. Select the date the entry should be moved to then save your changes.
**Requesting Comp Time**

If you work additional hours in a week (over 40 hours work time*), you can choose to be paid the overtime at time and one half your regular rate or receive Comp time – additional time off – at time and one half of hours earned.

1. To request Comp time, choose Overtime Comp Requested from the Pay Code drop down list:

   ![Pay Code Drop Down List]

   ![Results Tab]

Note: you can add the Overtime Comp Requested pay code to any day of the week that additional hours were worked UNLESS the week crosses over pay periods. If the week crossed pay periods, you **must** add the pay code to the period the overtime is earned. You can determine which period the overtime was earned by checking the results tab in each pay period for Overtime Earned:

*Work time does not include leave hours or holiday. Additional hours worked in a week with leave or holiday will be paid at the regular rate and cannot be converted to Comp time. In addition, if your FTE is less than 1.0, you will not generate overtime until you work enough additional hours in the week to total over 40 hours of work time.*
2. Enter the amount of overtime to convert to Comp Time in the Hours column – you can choose to convert up to the entire amount of overtime – and then Save your changes:

On the Results tab, you’ll see the Comp Time and actual hours for the week:

Note: the results tab only shows the number of hours requested, not the amount earned.

On the Leave Balances tab you’ll see the amount of Comp Time earned based on the hours requested:
Exceptions Tab

An exception occurs when there is a conflict between the time entered on your timesheet and the rules in the system.

All exceptions on the timesheet are listed in the exceptions tab with the date, exception message, the severity of the exception, and any action needed. There are three levels of exceptions:

1. Informational – these exceptions are color coded white. They are informational only. Examples include definitions of pay codes and rules. You do not need to do anything with these exceptions.

   ![Informational Exception]

2. Warning – these exceptions are color coded yellow. They are warnings about something on your timesheet. They may or may not need to be addressed.

   ![Warning Exception]

3. Error (not paid) – these exceptions are color coded red. Error (not paid) exceptions must be fixed before payroll processing.

   ![Error Exception]

The pin color on the exceptions tab and on the timesheet corresponds to the highest severity level of the exception(s).
Leave Balances Tab
You can view the number of hours you have available in all time off banks you are eligible for on the Leave Balances tab.

Note: taken and ending balance can change throughout the pay period as leave time is entered on the timesheet.

To see additional information about the leave, click on the Show Details link:
Results Tab
The Results tab lists the calculated results for all time entered on the timesheet.

If no exception time (e.g., vacation, sick) was used during the pay period and there are no holidays, the results tab will be blank.

You can change the sorting by clicking any header column to display the sorting arrow and change the column size by clicking between on the edge of the column to display the drag bar.

To add or remove columns from the display, click on the down arrow to the far right. Check the box to add the column, uncheck to remove:
Timesheet Comments Tab

The Timesheet Comments tab can be used for any additional comments you may need to add to your timesheet for the pay period. The space allows for more information than what can easily be seen in the Comments column on the timesheet. It is also used by the Business Center and Central Payroll and HR offices if someone other than the employee makes a change to the timesheet.

Submitting Your Timesheet

At the end of the pay period you are responsible for verifying the information on your timesheet and submitting it to your supervisor for review. EmpCenter will send an email reminder after the pay period ends and a second reminder a few days later if you still have not submitted your timesheet.

If you do not take any leave or work additional hours in the pay period, you will be submitting a blank timesheet to certify you worked as expected for the period.

1. Select My Timesheet under Time Entry on the Employee Dashboard:

![EmpCenter Timesheet Screen](image)

Or click on the link in the email:

![Email Reminder](image)

Please submit your timesheet for 07/01/2018 - 07/31/2018 before the end of the day on the 4th.

If the link above does not work, access EmpCenter at http://mytime.oregonstate.edu/.

Note: if you have more than one timesheet, you will see additional links in the email. If you use the link on the dashboard, you will be prompted to select the timesheet you want to view first.

2. After reviewing your timesheet, click Submit at the top of the screen:

![Submit Button](image)
3. Check the box to certify the timesheet is accurate and activate the Submit Timesheet button:

Note: any red-level Error (not paid) exceptions listed must be corrected before submitting your timesheet; yellow Warning exceptions may need to be corrected as well. If you are unsure, ask your supervisor for assistance.

4. Click the Submit Timesheet button to send the timesheet to your supervisor for approval:

Note: the submit button is greyed out until you certify your timesheet (step 3).

5. You’ll receive confirmation that the timesheet was submitted:

Note: once your timesheet is submitted, the Time Entry window will default to the next pay period.
Recalling a Submitted Timesheet

If your submitted timesheet has not been approved, you can recall it to make changes.

You are now able to make changes and resubmit your timesheet.

Note: once you make your changes to your timesheet, you must save and resubmit it; simply saving does not automatically submit the timesheet.

If your supervisor has already approved the timesheet, you will not be able to recall and make changes. It will be noted on the timesheet:

If you cannot recall your timesheet and changes are needed, contact your supervisor. For closed timesheets see the Amending Timesheet process.

Amending Timesheets

After a timesheet has been processed, any changes must go through the amended timesheet procedure.

You will only amend your timesheet to correct misreported time or leave.

1. Select My Timesheet from the Employee Dashboard:
2. Change the pay period to the period that needs changes:

   ![Change pay period](image)

   Use the arrows to change the pay period.

3. Print the timesheet. You may need to first change the print preferences to only print the timesheet, see Appendix C for more details:

   ![Print timesheet](image)

   *This timesheet was already processed.*

   Note: if you cannot access the timesheet, see the Viewing Past Assignments process for details on viewing timesheets from previous jobs.

4. On the printed timesheet, write in the changes that need to be made then sign it and give it to your supervisor for further processing:

   ![Printed timesheet](image)

   Your supervisor will submit the timesheet to your Business Center. If additional pay is required, you may receive a manual check.

   Please note it may take several weeks before the changes are reflected in EmpCenter.
Viewing Past Assignments

If you have changed assignments (jobs), you will not see your timesheets from past assignments using the pay period navigation on the My Time Entry screen. Timesheets from previous assignments are found under View Past Assignments. This does include timesheets that were terminated in the current pay period.

1. Select View Past Assignments from the Employee Dashboard:

2. Enter the date you would like to view and click view to see your timesheet:

   Note: you can either type in the date or use the calendar icon.

3. If you had more than one assignment for the time period selected, choose the assignment you would like to view:

   Note: if you only had one assignment for the time period selected, you will be directed immediately to the timesheet.
4. The timesheet for the period selected will open:

![EmpCenter timesheet screenshot]

5. You can navigate to other timesheets for the assignment using the arrows or calendar icon:

   ![Arrow keys and calendar icon]

   Use the arrows to change the pay period.

   If you select a date that you weren’t on that assignment you will receive an error message:

   ![Error message]

   The period you selected cannot be viewed.
Time Off Requests

Basic Time Off Request

EmpCenter will allow time off requests to be made up to 365 days from the current date. The system will display your projected bank accruals; however, you are responsible for ensuring you still have the time available when the leave occurs.

When a time off request is approved, EmpCenter will add the leave type and hours to your timesheet for the dates requested.

1. Select My Time Off under Schedules on the Employee Dashboard:

2. On the My Time Off screen, select Create New Request:

Note: any upcoming time off requests will be listed on the Current tab; past requests can be viewed on the Past tab.
3. Select Continue under Absences for Vacation, Sick, and Other:

For additional information on protected leave absences (FMLA, OFLA, and Military), see the Protected Leave User Guide.

4. If you have more than one assignment, or job, you will first need to select the assignment you are requesting time off for. The time off request will be sent to the supervisor for that assignment:

Note: if you only have one assignment, you will be immediately directed to the time off request page (step 5) and you will not see assignment listed on the request list page.
5. Select the Pay Code from the drop down list:

![EmpCenter screenshot showing the drop down list for selecting pay codes.]

Note: you can only select one pay code at this step; if you need to use more than one pay code you can make changes at step 8.

6. Select the start and end dates for your request – either type in the dates or use the calendar icon; if you are taking a partial day you can change the number of hours on the next screen:

![EmpCenter screenshot showing the date selection calendar.]

Note: the time off request will always default to the current date; you can request leave up to 365 days in the future from the current date.
7. Enter any comments, if needed, then click Next:

Note: if taking a partial day, be sure to include the time in the comments (e.g. “Doctor appointment, will be out 1pm-2pm.”) – you will still need to change the hours in the next step.

8. On the Request Details page, make any changes to pay codes or hours and add additional comments, if needed:

Note: EmpCenter will default the hours based on your FTE.
9. Once you have made all changes (if needed), click Submit to send the request to your supervisor for review:

![Request Details](image)

10. Click OK to return to the Request List page:

![Status](image)

11. On the Request list page, you'll see confirmation that the request was submitted. The request will be listed with a Status of Pending until your supervisor approves or rejects the request:

![EmpCenter](image)

Note: you will receive an email from EmpCenter once your supervisor reviews the request.
**Using Multiple Leave Types/Request Detail Changes**

If you need to use multiple leave types for a time off request – or other changes such as hours used – you can make changes on the Request Detail page prior to submitting the request.

After creating the initial request (through step 7 above):

1. To change the leave type, click in the Pay Code column and select the appropriate leave from the drop down list:

![Request Details](image1)

2. To apply more than one type of leave to a day, click on the + in the Action column, then change the pay code as needed:

![Request Details](image2)

Be sure to change the hours for all rows on the day selected.

![Request Details](image3)
3. To delete a row, click on the ✗ in the Action column:

![Request Details](image)

4. To change the hours used for the pay code selected, click in the hours column then enter the correct amount:

![Request Details](image)

5. When you have made all the necessary changes, click Update to save your changes:

![Update](image)

6. Click Submit to send the request to your supervisor for review.
Adding an Attachment

If needed, you can add an attachment to the time off request. The file must be 10MB or less and can be pdf, jpg, png, tif, doc, docx, xls, xlsx, or txt file type.

1. After selecting a pay code and entering the dates, click on the upload attachment link:

   ![Create Time Off Request](image1)

   Note: you can also complete this process on the Request Details page; the steps are the same.

2. In the Upload Attachment window, click on the file browser link:

   ![Upload Attachment](image2)

3. In the File Upload window, select the file then click Open:

   ![File Upload](image3)
4. In the Upload Attachment window, click on Upload Attachment:

![Upload Attachment](image)

5. You will see the file on the Create Time Off Request Window:

![Create Time Off Request](image)

Note: if you need to remove the document, click on the × to delete it.
Exceptions (Errors) on Time Off Requests
If there are exceptions on your time off request, you must fix any errors before submitting.

Not Enough Leave
This error occurs when time off is requested for more hours than available in the selected leave bank(s).

To correct the error, either delete the affected days or change the leave type used in the Pay Code column.

Not Enough Leave – Future Request
EmpCenter will let you know if the current request will impact leave balances for any future requests that have already been approved. If you will not have enough leave for any portion of the future request, the system will generate exception messages for those future dates:

To correct the error, either change the leave type for the current request or cancel the future request and resubmit it with a different leave type.
Too Many Hours Entered
This error occurs if there is already an approved leave request for the day or other hours on your timesheet.

To correct the error, use the back button to change the day. If you need to change the leave type for the approved time off, you must first cancel the previous request and submit a new request.

Restricted Leave Types
Some leave types can only be used at certain times of the year.

To correct the error, click on the Back button and change the date of the leave request.
No Pay Code Selected
You must select a leave type from the pay code drop down before you can submit the request.

To correct the error, select a leave type.
Viewing a Time Off Request

You can view time off requests at any time – whether they are approved, pending, cancelled, or rejected.

Appendix B: Timesheet Views

Timesheets have three view options: List view, Table view, and Day view. Change the view by clicking on the view drop down at the top of the My Time Entry page:

EmpCenter will remember the last view selected the next time you access the timesheet.

**List View**

List view is the default view. It displays the days in the pay period as a list; each day has a row.

Dates within the pay period are listed on the left, totals (daily and weekly) are on the right.
Table View
Table view displays days in the pay period as a table. It is useful if you need to enter the same information for each day of the week on your timesheet.

To add additional pay codes to the week, click on the +. You can also duplicate, copy, paste, and cut using the drop down menu next to the plus sign.

Day View
Day view displays a single day of the pay period. Day view separates work time and time off (sick, vacation) for each day.
Appendix C: My Time Entry Print Preferences

The default print setting in EmpCenter is to print everything in the My Time Entry view (the timesheet, exceptions, leave balances, and results). You can limit what is printed by changing your print preferences.

1. From the More drop down, select Print Preferences:

2. In the Print Preferences window, select the options you would like to print:
