EmpCenter Overview

Accessing EmpCenter
EmpCenter is Oregon State University’s online time and attendance system.

To access EmpCenter, click the Login to EmpCenter button at https://mytime.oregonstate.edu/:

At the OSU Single Sign On (SSO) page, login with your ONID username and password then authenticate with Duo Multi-Factor Authentication (MFA):

If you are on a shared computer, please be sure to check the “This is a public kiosk” box to ensure you are logged out properly when you leave EmpCenter.
Employee Dashboard

The home screen in EmpCenter is called the Dashboard. From the Dashboard you can access time entry, time off requests, and report options.

Main Navigation Links

At the top of the Dashboard are several links; you will see these same links throughout EmpCenter:

- **Home**: use this link to return to the Dashboard from anywhere in the system.
- **Help**: use this link to open the MyTime website or to contact EmpCenter support directly.
- **Log Out**: use this link to close EmpCenter; logging out of EmpCenter does NOT log you out of SSO.

Time Entry links:

- **My Timesheet**: access your timesheet to enter hours, correct entries, and submit your timesheet to your supervisor for approval.
- **Go to Web Clock**: access the web clock to clock in or out. The web clock functions like a traditional time clock.
- **View Past Assignments**: access timesheets from previous jobs and/or previous pay periods.

Reporting link:

- **View Reports**: access employee reports such as Absence History, Time Sheet Audit, and Time Sheet Approval.

Schedules link:

- **My Time Off**: access time off requests and protected leave requests. You can submit requests, track the status of requests, and view past requests.

If you are in a Supervisor or Business Center role within EmpCenter, you will see additional options available on the Dashboard. See the appropriate user guide for more information.
Employee Timesheet (My Timesheet)

Access your timesheet by clicking on My Timesheet on the Dashboard.

Timesheet Top

Note: this is the List View of the Timesheet; Table and Day views have slightly different organizations. See Appendix B.

A. Calendar bar/pay period dates: the date range for the pay period you are viewing. You can click on any day to quickly navigate to that day’s row. Bold dates indicate there is data recorded for that day.

Using the Web Clock

Access the Web Clock by selecting Go to Web Clock from the Employee Dashboard:
Web Clock Overview

A. Current date and time: the time that will be recorded when any clocking option is selected.
B. Timesheet: select to go directly to your timesheet for the current pay period.
C. Logout: select to log off EmpCenter.
D. In: select this option when you are starting your shift.
E. Out: select this option when you are ending your shift.

For security, the Web Clock times out after 30 seconds of inactivity; you receive a warning at 15 seconds:

Choose Continue to remain on the Web Clock screen or Logout to close EmpCenter. If you do nothing, the system will automatically log you out.
Selecting Assignment

If you have only one job, or “assignment”, you will be directed to the Web Clock without any extra steps. If you have more than one assignment, you must first select the assignment you are clocking for before being directed to the Web Clock:

Select the assignment you are clocking in to or out of to access the Web Clock.

Clocking

Classified Hourly employees are expected to clock in and out for the work day. Clocking allows for the appropriate calculation of overtime and differentials.

1. From the Employee Dashboard, select Go to Web Clock:
2. To record your time, simply select the appropriate clock option:

3. You’ll receive a confirmation that the “swipe” was successful:

4. Choose Logout to close EmpCenter or Timesheet to view your entry.

**Adjusting Clock Entries**
Valid reasons for adjusting clock time include:
- Computer issues preventing use of web clock.
- Assisting students and/or customers at start of shift and unable to clock.
- Missed in or out punch.
- EmpCenter unavailable.

Running late or being out of the office are not valid reasons for adjusting clock time. Any changes to clocked time will be recorded in the system.

If you need to adjust a clock entry, the change is made on your timesheet. Select My Timesheet from the Employee Dashboard to access your timesheet:
Adjust Clock Time

1. Enter the correct time on the Clock time slice for the day:

   ![Timesheet](image)

   - Type over the time listed in the hours column to enter the correct time.

   Add a comment to let your supervisor know why you adjusted the clock time:

   ![Timesheet](image)

   - Enter comments for your supervisor.

2. Save your changes:

   ![Timesheet](image)
Missing In/Out Punch

1. Enter the time you arrived or left on the appropriate line on the Clock time slice for the day:

Note: If you missed an in punch, enter the time in the first line of the Hours column.

2. Add a comment to let your supervisor know why you adjusted the clock time and Save your changes:
Changing Meals

EmpCenter will automatically assume an hour meal for any day you work 6 hours or more. The automatic meal punch can be overridden by a schedule assigned by your supervisor. You can also change the amount deducted directly on your timesheet.

To adjust a meal punch, simply type the correct elapsed time (e.g. .5, .75, 1.5) in the Hours field for the meal entry on your timesheet:

If you need to zero out your lunch (e.g., clocked out for lunch, EmpCenter should not subtract meal), enter 0 in the hours column for the meal. If you worked less than 6 hours for the day but did take a meal, you will need to add Meal to your timesheet just like any other pay code and enter the elapsed time taken.

Using the Timesheet

General Timesheet rules:
• The work week is Sunday through Saturday.
• The work day is midnight to midnight.
• For shifts that cross over midnight, the time will be recorded on the day the shift started.
• Salaried employees’ timesheets run from the first of the month through the end of the month; hourly employees’ timesheets run from the 16th of the month to the 15th of the next month.
• All employees are paid on the last day of the month.

Select My Timesheet on the Employee Dashboard to access your timesheet:
Selecting an Assignment
If you have only one job, or “assignment”, you will be directed to the timesheet without any extra steps. If you have more than one assignment, you must first select the assignment you are entering time for before being directed to the timesheet:

Choose an Assignment
Office Specialist 1-219200-C33780-00
Administrative Program Spec-212500-C37538-00

Changing the Pay Period
The timesheet will default to the current open pay period; once you have submitted your timesheet, it will default to the next pay period. However, you can change the period to view past or future timesheets.

- You can view timesheets up to one year in the past from the current date, unless you have changed assignments (jobs).
  - For previous assignment timesheets, see Viewing Past Assignments for more details.
- You can view timesheets up to one year in the future from the current date.
- You can make changes to future timesheets up to 12 weeks from the current date to allow for protected leave tracking.

To change the pay period view, click on the arrows to the right (for future dates) or left (for past dates) of the pay period:

Use the arrows to change the dates.

You can also use the calendar icon to select a date:

Note: The Default Period button will return you to the current open pay period.
**Basic Time Entry**

Classified Hourly employees are expected to clock in and out for the work day using the Web Clock and use the time off request process for pre-approved leave.

The time entry process is used for times when clocking is unavailable, recording of select differentials, or to record time off that was not pre-planned.

Comp time has been added to the bank.
Exceptions Tab
An exception occurs when there is a conflict between the time entered on your timesheet and the rules in the system.

All exceptions on the timesheet are listed in the exceptions tab with the date, exception message, the severity of the exception, and any action needed. There are three levels of exceptions:

1. Informational – these exceptions are color coded white. They are informational only. Examples include definitions of pay codes and rules. You do not need to do anything with these exceptions.

2. Warning – these exceptions are color coded yellow. They are warnings about something on your timesheet. They may or may not need to be addressed.

3. Error (not paid) – these exceptions are color coded red. Error (not paid) must be fixed before payroll processing.

The pin color on the exceptions tab and on the timesheet corresponds to the highest severity level of the exception(s).
Leave Balances Tab

You can view the number of hours you have available in all time off banks you are eligible for on the Leave Balances tab.

Note: the initial balance for hourly employees can change on the first of the month based on accrual changes if you did not work your full FTE for the previous month.

To see additional information about the leave – including dates for earned and taken time – click on the Show Details link.

The Results tab lists the calculated results for all time entered on the timesheet, including overtime (for non-exempt), exchange time earned (for exempt), and shift differentials.

You can change the sorting by clicking any header column to display the sorting arrow and change the column size by clicking between on the edge of the column to display the drag bar.

To add or remove columns from the display, click on the down arrow to the far right. Check the box to add the column, uncheck to remove:

You’ll are now able to make changes and resubmit your timesheet.

If your supervisor has already approved the timesheet, you will not be able to recall and make changes. It will be noted on the timesheet:

If you cannot recall your timesheet and changes are needed, contact your supervisor. For closed timesheets see the Amending Timesheet process.
Amending Timesheets

After a timesheet has been processed, any changes must go through the amended timesheet procedure.

You will only amend your timesheet to correct misreported time or leave.

1. Select My Timesheet from the Employee Dashboard:

2. Change the pay period to the period that needs changes:

3. Click on the More button then Print to print the timesheet. You may need to first change the print preferences to only print the timesheet, see Appendix C for more details:

Note: if you cannot access the timesheet, see the Viewing Past Assignments process for details on viewing timesheets from previous jobs.
4. On the printed timesheet, write in the changes that need to be made then sign the timesheet and give it to your supervisor for further processing:

Your supervisor will submit the timesheet to your Business Center. If additional pay is required, you may receive a manual check.

Please note, it may take several weeks before the changes are reflected in EmpCenter.

Time Off Requests

Basic Time Off Request

EmpCenter will allow time off requests to be made up to 365 days from the current date. The system will display your projected bank accruals; however, you are responsible for ensuring you still have the time available when the leave occurs.

When a time off request is approved, EmpCenter will add the leave type and hours to your timesheet for the dates requested.

1. Select My Time Off under Schedules on the Employee Dashboard:

2. On the My Time Off screen, select Create New Request:

Note: any upcoming time off requests will be listed on the Current tab; past requests can be viewed on the Past tab.
3. Select Continue under Absences for Vacation, Sick, and Other:

![EmpCenter screenshot](image)

For additional information on protected leave absences (FMLA, OFLA, and Military), see the Protected Leave User Guide.

4. If you have more than one assignment, or job, you will first need to select the assignment you are requesting time off for. The time off request will be sent to the supervisor for that assignment:

![Choose an Assignment](image)

Note: if you only have one assignment, you will be immediately directed to the time off request page (step 5) and you will not see assignment listed on the request list page.
5. Select the Pay Code from the drop down list:

Note: you can only select one pay code at this step; if you need to use more than one pay code you can make changes at step 8. You can also add an attachment at this step or step 8.

6. Select the start and end dates for your request – either type in the dates or use the calendar icon; if you are taking a partial day you can change the number of hours on the next screen:

![EmpCenter screenshot]

Note: the time off request will always default to the current date; you can request leave up to 365 days in the future from the current date.
7. Enter any comments, if needed, then click Next:

![Create Time Off Request](image)

To correct the error, either delete the affected days or change the leave type used in the Pay Code column.

Not Enough Leave – Future Request
EmpCenter will let you know if the current request will impact leave balances for any future requests that have already been approved. If you will not have enough leave for any portion of the future request, the system will generate exception messages for those future dates:

To correct the error, either change the leave type for the current request or cancel the future request and resubmit it with a different leave type.
Too Many Hours Entered
This error occurs if there is already an approved leave request for the day or other hours on your timesheet.

To correct the error, use the back button to change the day. If you need to change the leave type for the approved time off, you must first cancel the previous request and submit a new request.

Restricted Leave Types
Some leave types can only be used at certain times of the year.

To correct the error, click on the Back button and change the date of the leave request.
No Pay Code Selected
You must select a leave type from the pay code drop down before you can submit the request.

To add additional pay codes to the week, click on the ➕. You can also duplicate, copy, paste, and cut using the drop down menu next to the plus sign.
