EmpCenter is Oregon State University’s online time and attendance system.

To access EmpCenter, click the Login to EmpCenter button at https://mytime.oregonstate.edu/:

At the OSU Single Sign On (SSO) page, login with your ONID username and password then authenticate with Duo Multi-Factor Authentication (MFA):

If you are on a shared computer, please be sure to check the “This is a public kiosk” box to ensure you are logged out properly when you leave EmpCenter.
Employee Dashboard

The home screen in EmpCenter is called the Dashboard. From the Dashboard you can access time entry, time off requests, and report options.

Main Navigation Links

At the top of the Dashboard are several links; you will see these same links throughout EmpCenter:

- **Home**: use this link to return to the Dashboard from anywhere in the system.
- **Help**: use this link to open the MyTime website or to contact EmpCenter support directly.
- **Log Out**: use this link to close EmpCenter; logging out of EmpCenter does NOT log you out of SSO.

Time Entry links:

- **My Timesheet**: access your timesheet to enter hours, correct entries, and submit your timesheet to your supervisor for approval.
- **Go to Web Clock**: access the web clock to clock in or out. The web clock functions like a traditional time clock.

Employee Timesheet (My Timesheet)

Access your timesheet by clicking on My Timesheet on the Dashboard.

Timesheet Top

A. Timesheet date range: the date range will always default to the current open pay period. You can change the dates using the arrow keys or the calendar icon.
B. Save: save any changes to your timesheet. EmpCenter will warn you if you try to navigate away from the page before saving your changes.
C. Submit: certify your timesheet is correct and send it to your supervisor for review and approval. Once submitted, the button changes to "Recall" until the timesheet has been processed. You can recall your timesheet to make changes any time prior to your supervisor approving it.
D. More: options to print your timesheet and set your print preferences. If you print the timesheet without changing the preferences the entire timesheet will be printed including exceptions and results. See Appendix C for details on changing your print preferences.
E. List View: the drop down menu allows you to change the timesheet view. Options are List, Table or Day view. The system will remember your selection. See Appendix B for more information on view options.
F. Switch Assignments: if you have more than one job, or assignment, this option will appear. Click to change the timesheet to a different assignment.
Note: this is the List View of the Timesheet; Table and Day views have slightly different organizations. See Appendix B.

A. Calendar bar/ pay period dates: the date range for the pay period you are viewing. You can click on any day to quickly navigate to that day’s row. Bold dates indicate there is data recorded for that day.

C. Show All Weeks: uncheck the box to view only the week you are editing, check the box to view all weeks in the pay period.

E. Pay Code: select the pay code you are using from the drop down menu.
F. Hours: enter the hours worked for the pay code selected. Hours are entered using in and out times for Work In/Out (e.g. 8am, 5pm) or elapsed times for Oregon Sick Leave (e.g., 2).
G. Leave Case: This column is not used for the Students/Temps Hourly policy profile.
H. Clock Location: if you use the web clock or a physical time clock to enter your time, the IP address for the clock used will be listed. This field is view only and cannot be modified.

Select the assignment you want to clock in or out of to access the Web Clock.

Clocking

Student employees and OSU temps are expected to clock in and out for the work day and lunch (if you work 6 or more hours in a day). Clocking allows for the appropriate calculation of overtime.

1. From the Employee Dashboard, select Go to Web Clock:
2. To record your time, simply select the appropriate clock option:

![EmpCenter WebClock](image)

3. You’ll receive a confirmation that the “swipe” was successful:

![Confirmation Message](image)

4. Choose Logout to close EmpCenter or Timesheet to view your entry.

**Adjusting Clock Entries**

Valid reasons for adjusting clock time include:
- Computer issues preventing use of the web clock.
- Assisting students and/or customers at start of shift and unable to clock.
- Missed in or out punch.
- Beginning or ending your shift away from a computer.
- EmpCenter unavailable.

Running late or being out of the office are not valid reasons for adjusting clock time. Any changes to clocked time will be recorded in the system.

If you need to adjust a clock entry, the change is made on your timesheet. Select My Timesheet from the Employee Dashboard to access your timesheet:

![My Timesheet](image)

Using the Timesheet

General Timesheet rules:

- For shifts that cross over midnight, the time will be recorded on the day the shift started.
- Salaried employees’ timesheets run from the first of the month through the end of the month; hourly employees’ timesheets run from the 16th of the month to the 15th of the next month.
- All employees are paid on the last day of the month.

Select My Timesheet on the Employee Dashboard to access your timesheet:

Selecting an Assignment

If you have only one job, or “assignment”, you will be directed to the timesheet without any extra steps. If you have more than one assignment, you must first select the assignment you are entering time for before being directed to the timesheet:
Changing the Pay Period

The timesheet will default to the current open pay period; once you have submitted your timesheet, it will default to the next pay period. However, you can change the period to view past or future timesheets.

- You can view timesheets up to one year in the past from the current date, unless you have changed assignments (jobs).
  - For previous assignment timesheets, see Viewing Past Assignments for more details.
- You can view timesheets up to one year in the future from the current date.
- You can make changes to future timesheets up to 12 weeks from the current date to allow for protected leave tracking.

To change the pay period, click on the arrows to the right (for future dates) or left (for past dates) of the pay period:

You can also use the calendar icon to select a date:

Note: The Default Period button will return you to the current open pay period.
Basic Time Entry

Student employees and OSU temps are expected to clock in and out for the work day and meals using the Web Clock and use the time off request process for planned sick leave (e.g., doctor appointments).

The time entry process is used for times when clocking is unavailable or to record sick leave that was unplanned.

1. Select the day you need to enter time for; the Pay Code field will be highlighted:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

3. Enter the time worked or leave used in the Hours column:

<td>0.00</td>
</tr>
</tbody>
</table>

Time entry notes:
- Each row entry is called a time slice.
- For in and out times, you do not need to enter 8:00 am or 5:00 pm; you can enter 8 for the start time and 5p – or 17 if you prefer military time – for the end time. EmpCenter assumes the am for any number between 1-11 and 24, and the pm for any number between 12-23.
- If the out time is past midnight, add a + sign before entering the time.

In addition, when entering Work In/Out on the timesheet, you must enter comments:

<table>
<thead>
<tr>
<th>Date</th>
<th>Pay Code</th>
<th>Hours</th>

</tr>
</tbody>
</table>

Note: you will receive a red exception (error) if you try to save your timesheet without entering comments for Work In/Out and you will not be able to save.
Oregon Sick Leave (and Grad Sick Leave, if applicable) are entered in elapsed time and must be entered in whole hour increments (e.g., 1, 2, 8):

<table>
<thead>
<tr>
<th>Date</th>
<th>Pay Code</th>
<th>Hours</th>
<th>L</th>
<th>Clock Location</th>
<th>Comments</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mon 07/16</td>

<tr>
<td>Tue 07/17</td>
<td>Work In/Out</td>

<td>0.00</td>
</tr>
</tbody>
</table>

Note: you will receive a red exception (error) if you try to use Oregon Sick Leave or Grad Sick Leave in anything other than whole hour increments or if you do not have enough time to cover the hours entered.

4. Click Save at the top of the timesheet to save your changes:

You'll receive confirmation that your changes have been saved:

If you try to navigate away from the timesheet before saving any changes, you’ll receive a warning:

![Image of deleting a row](image2)

Note: you can only delete rows with data.

   - **Copy Entire Day/Cut Entire Day**: copies or cuts all rows for the selected day.
   - **Copy Entire Week/Cut Entire Week**: copies or cuts all rows for the week selected.

   Note: Duplicate Row will only add the same row to the selected date.

2. To paste the selection, click on the down arrow next to the plus sign for the date you would like to add the copied time to then select Paste 1 Entry:

   ![Paste 1 Entry]

   Note: the number of entries to paste will change depending on the number of rows copied or cut.
Change Work Date

Note: you can only change to a date within the timesheet pay period.

2. Select the date the entry should be moved to then save your changes.
**Exceptions Tab**

An exception occurs when there is a conflict between the time entered on your timesheet and the rules in the system.

All exceptions on the timesheet are listed in the exceptions tab with the date, exception message, the severity of the exception, and any action needed. There are three levels of exceptions:

1. **Informational** – these exceptions are color coded white. They are informational only. Examples include definitions of pay codes and rules. You do not need to do anything with these exceptions.

   ![Informational Exception Example](image)

2. **Warning** – these exceptions are color coded yellow. They are warnings about something on your timesheet. They may or may not need to be addressed.

   ![Warning Exception Example](image)

3. **Error (not paid)** – these exceptions are color coded red. Error (not paid) must be fixed before payroll processing.

   ![Error (not paid) Exception Example](image)

Note: some red level exceptions will not allow you to save the timesheet – you must correct the error before you can continue. One example is the Comments required for Work In/Out exception; you will not be able to save your changes until you have entered comments.

The pin color on the exceptions tab and on the timesheet corresponds to the highest severity level of the exception(s).
Results Tab

The Results tab lists the calculated results for all time entered on the timesheet for all of your assignments (jobs).

You can change the sorting by clicking any header column to display the sorting arrow and change the column size by clicking between on the edge of the column to display the drag bar.

To add or remove columns from the display, click on the down arrow to the far right. Check the box to add the column, uncheck to remove:
**Schedule Tab**

The Schedule tab displays any assigned schedule; even if you do not have an assigned schedule, you will still see the Schedule tab. Schedules are not usually set up for students/temps, but your supervisor may choose to manually enter schedule hours in EmpCenter. Employees cannot edit the schedule, only supervisors can assign or change schedules.

**Timesheet Comments Tab**

The Timesheet Comments tab can be used for any additional comments you may need to add to your timesheet for the pay period. The space allows for more information than what can easily be seen in the Comments column on the timesheet. It is also used by the Business Center and Central Payroll and HR offices if someone other than the employee makes a change to the timesheet.
**Oregon Sick Leave Tab**

Reminder: sick leave is accrued at the rate of 1 hour for every 30 hours worked, excluding hours worked on Federal Work Study jobs. EmpCenter is programmed to automatically accrue leave based on the hours entered on your timesheet.

You can view the number of sick leave hours you have available on the Oregon Sick Leave tab:

![Oregon Sick Leave Tab](image)

You will see the Grad Sick Leave bank but will only accrue Grad Sick Leave hours if you also have a Graduate Student position.

To see additional information about the sick leave earned and used, click on the Show Details link:

![Show Details](image)
Submitting Your Timesheet

At the end of the pay period you are responsible for verifying the information on your timesheet and submitting it to your supervisor for review. 1. Select My Timesheet under Time Entry on the Employee Dashboard:

   ![EmpCenter Timesheet Interface]

![Submit Timesheet](image)

If you cannot recall your timesheet and changes are needed, contact your supervisor. For closed timesheets see the Amending Timesheet process.

Amending Timesheets

After a timesheet has been processed, any changes must go through the amended timesheet procedure.

4. On the printed timesheet, write in the changes that need to be made then sign the timesheet and give it to your supervisor for further processing:

Your supervisor will submit the timesheet to your Business Center. If additional pay is required, you may receive a manual check.

Please note, it may take several weeks before the changes are reflected in EmpCenter.
Viewing Past Assignments

If you have changed assignments (jobs), you will not see your timesheets from past assignments using the pay period navigation on the My Time Entry screen. Timesheets from previous assignments are found under View Past Assignments.

If you select a date that you weren’t on that assignment you will receive an error message:

The period you selected cannot be viewed.
Time Off Requests

![EmpCenter interface showing absences for FMLA, OFLA, and other leaves.]

Note: student and temp employees are not currently eligible for FMLA or OFLA.

4. If you have more than one assignment, or job, you will first need to select the assignment you are requesting time off for. The time off request will be sent to the supervisor for that assignment:

![Choose an Assignment list with options NWREC Field-217400-C51420-50 and NWREC Farm-217400-C51423-50.]

Note: if you only have one assignment, you will be immediately directed to the time off request page (step 5) and you will not see assignment listed on the request list page.
5. Select the Pay Code from the drop down list:

![EmpCenter screenshot]

Note: you can only select one pay code at this step; if you need to use more than one pay code you can make changes at step 8. You can also add an attachment at this step or step 8.

Reminder: you will see Grad Sick Leave in the drop down, but will only be able to use it if you have a grad student job.

Not Enough Hours – Future Leave Request

EmpCenter will let you know if the current request will impact leave balances for any future requests that have already been approved. If you will not have enough leave for any portion of the future request, the system will generate exception messages for those future dates:

To correct the error, either change the leave type (if available) for the current request or cancel the future request.

Appendix B: Timesheet Views

Timesheets have three view options: List view, Table view, and Day view. Change the view by clicking on the view drop down at the top of the My Time Entry page:

EmpCenter will remember the last view selected the next time you access the timesheet.

List View

List view is the default view. It displays the days in the pay period as a list; each day has a row.

Dates within the pay period are listed on the left, totals (daily and weekly) are on the right.
**Table View**

Table view displays days in the pay period as a table. It is useful if you need to enter the same information for each day of the week on your timesheet.

<table>

<tr>

</table>

To add additional pay codes to the week, click on the [+] button. You can also duplicate, copy, paste, and cut using the drop down menu next to the plus sign.

**Day View**

Day view displays a single day of the pay period. Day view separates work time and time off (sick, vacation) for each day.

To view a specific day, click on the date in the calendar bar.

Time is broken out by worked time and time off (e.g., sick).
